Education

- College:

University of Washington – Seattle

Major: Computer Science & Engineering

Graduation Date: 06.2022

GPA: 3.94 / 4.00

- High School:

Mount Tahoma High School

Valedictorian, Ranked #1 in Class

GPA: 4.00 / 4.00

- Awards:

Dean's List for 5 consecutive years

Leadership 1000 Scholar

Palmer's Scholar

Baker's Foundation's Scholar

Skills

- Technical:

Teaching myself Python

HTML & CSS, Java

Excel, Word, PowerPoint

- Soft:

Team Leader

Strong Work Ethic

Courses

- Freshman Year

MATH 124, MATH 125, CHEM 142

ENGR 197 PROBLEM SOLVING

- Sophomore Year

MATH 126, CHEM 152, CSE 190

Experience

STARS Program | 08.2017 - Present

- Engineering program geared towards students from underserved high schools, helping them to succeed in college level engineering courses.

- Learn problem solving skills through academically rigorous and demanding course work.

Engineering Japan | 06.2018 – 07.2018

- Study abroad in Japan, learning about cutting edge technology and engineering principles.

- Designed and constructed a paperclip motor and a paper plane with a team of Tohoku engineering students.

Vietnamese Student Association | 09.2014 - Present

- As the Event Coordinator for VSAUW (2018-2019), plan the general meetings and large quarterly events, bringing the community together on campus and connecting the campus community with the local community.

- Volunteered at the International District, cleaning the streets and helping the local community.

Student Government | 03.2014 – 06.2017

- Served 3 years as treasurer of my class and 1 year as secretary on the executive board.

- Worked to change the climate of the school by focusing on the wellbeing of the student body, recognizing, and empowering the culture and diversity of the students, and raising school spirit.
